Reader's Opinions

A much needed addition to the sports story world, this novel focusses on cricket. If you are not already a fan of cricket, you may become one by the end of this book!

This is a really fun book for younger teams & middle graders. It's definitely short enough to appeal to reluctant readers and it's pretty funny too. I love that there are characters from so many different culture and that it feels modern with the incorporation of text messages, emails and tweets.
