## Reader's Opinions

If you liked the powder mage trilogy and want more time with the characters this is definitely worth your time. If you've never read the powder mage trilogy, it's a cheap way to see if you'll like the rest.

If you liked Taniel and Ka-poel reading the main series, you will love them here. This was very fun and engaging story filled with great action scenes. This is a prequel so you'll have no problem enjoying it even if you haven't read the main series.
